Holiday Tennis Clinics are a terrific introduction to the game of tennis for beginners, and excellent for students currently having coaching. Children are graded into two groups:

- The Beginners Group will develop skills, co-ordination, correct tennis grips, stroke production and learn to score.
- The Intermediate to Advanced Group will concentrate on stroke technique, footwork, tactics, tennis drills, rallying and will play a singles round robin tournament.

Additional activities are played each day with many prizes awarded. Wet weather conditions catered for with indoor facilities. Sensible sun care is observed at all times.
