

Dear HKDTA member,

On 1 March 2019 we will be changing the method of booking, payment and access to the four tennis courts at our Berowra centre. An electronic locking system is being installed, which will unlock the gate, and turn on the lights if required, for each court that is booked. The system is connected to our existing on-line court booking and payment system. This improvement is being made to make the Berowra centre more financially viable, and to provide better access to court hire at Berowra.

It is not cost effective to have someone permanently attending the Berowra centre as a manager. This new system will enable the courts at Berowra to be open for most of the day without the need for supervision, and will ensure that only people who have booked a court are playing there. We do anticipate that this system will result in an increase in revenue generated at Berowra.

Players can book and pay for court hire using a computer or on their smart phone or tablet. If necessary, bookings and payments can also be made by phoning our Mills Park centre at Asquith on 9482 1370. Cash payments at Berowra will cease, which will eliminate the risk of cash theft from the clubhouse.

We will be contacting our permanent Berowra court hirers to arrange a new easy system of monthly payment.

If you have any questions please email me pres@hkdt.net.au
